

ANOTHER PLANT TO LOCATE HERE

STANDARD ALLOY CO. BUYS SITE AT FOOT OF LINDEN AVENUE; WILL BUILD IN THIRTY DAYS.

The Standard Alloy Company, an industry which will initially employ thirty-five men, has purchased a six-acre tract of land at the foot of Linden avenue, directly northeast of the Storey warehouse. Within the next thirty days work will begin on the construction of its factory, when the company will become another very important addition to the community's industrial assets. Representatives of the Standard Alloy Company declare that when the plant is well established the number of men in its employ will be materially increased.

County Surveyor George Kneese has been busy this past week laying out the grounds for the proposed industrial factory buildings, and an announcement has been made by the Pacific Gas and Electric Company that contracts have been made for electric power which will exceed in volume that of any other two industries in South San Francisco.

W. J. Martin, manager of the South San Francisco Land and Improvement Company, closed the deal with the Standard Alloy Company, a reference to which was made in last week's issue of The Enterprise.

Equipment Arrives.

The first shipment of equipment and machinery which will be used by the Master Refining Company, another recent industry secured for South San Francisco, arrived here on Thursday, and the erection of the temporary storage plant will be commenced at once.

GROWTH

- According to Tax Collector William J. Smith, property valuations of the city will show an increase of half a million dollars when the city tax list is compiled for the current year.
- Building permits in excess of \$250,000 were issued in the past twelve months, and there will be an increase of \$160,000 on factory valuations because of the additional industries located and additional improvements made on those already established.
- Business property and dwelling valuations will show a \$240,000 increase, according to the figures compiled by the Tax Collector.

ACTION DISMISSED BY JUSTICE OF PEACE SMITH

Justice of the Peace William J. Smith, in a decision given on Thursday, dismissed the action which J. Hoff, a San Francisco contractor, has brought against F. Fusco, proprietor of the Ship Hotel.

Fusco refused payment for the laying of a composition magnesite floor, claiming that the work was not done satisfactorily. Judge Smith, after hearing the evidence, examined the floor over which the payment controversy had arisen, and rendered a verdict in Fusco's favor.

BEARS BATTLE FOR SIXTEEN INNINGS

Show Mettle in One of the Fastest Games Ever Played on the Peninsula.

South San Francisco fans who journeyed southward Sunday to witness the clash between the local Bears and the Redwood City team, were well repaid by one of the fastest semi-pro games ever played on the peninsula. Although the Bears were defeated by a 4-3 score, it took the Redwood boys sixteen innings to bring in the winning run.

Everything went as smoothly as a marriage up to the fourth session, when the Bears proved that in battling they are as dangerous as dynamite and rapped "Hal" Chase out of the box. When the locals had finished trotting they were three runs to the good. When Cammozzi took the mound for the Redwood City team, Thomas greeted his first offering with a smashing double, bringing in two of the three runs. The Bears failed from then on to solve his wily delivery, while Redwood scored one in the fifth and tied the score in the seventh. Nothing but zeros were hung up for either team from that frame to the sixteenth when, with two men on the bases and two down, Cammozzi rapped a sizzling grounder to Maderas who, after a fumble, whipped the ball to first just in time, according to some of the spectators, to nail Cammozzi, but the umpire gave the runner the benefit and Redwood galloped across with the winning run.

Fischer and Bellery did some marvelous fielding and Steele, who lasted the full game, pitched bully ball.

When Maderas nearly tore the cover off the ball by knocking it out of the lot in the eleventh, it looked like the funeral dirge for Redwood, but by a quick relay he was nailed when he overslid the third sack.

'Twas a wonderful game and Redwood has some little baseball team and, they admit, so has South San Francisco. A return game will be played in the near future.

Before the game was started, County Treasurer "Pop" Chamberlain pitched the first ball across the plate toward Judge Buck, as catcher, but Sheriff Michael Sheehan knocked the ball into the field for a clean hit.

J. G. WALKER RESIGNS AS SECRETARY TO J. O. SNYDER

J. G. Walker has resigned his position as secretary to J. O. Snyder, superintendent of the Western Meat Company, and beginning Monday will devote his entire time to the insurance business. Walker's place will be filled by Alex Van Valin, who has already commenced his duties in the office of the meat company.

A bulletin just issued outlines plans for the twenty-fifth annual convention of the California Bankers' Association, which will hold its annual meeting this year at Santa Catalina Island, June 5, 6 and 7.

M'CAFFREY'S DEATH IS OFFICIALLY CONFIRMED

Boy's Father, at Chicago, Receives Full Information From Army Headquarters in France.

Confirmation of the death of Bernard McCaffrey, which was first announced in The Enterprise October 18 last, has been received by Patrick McCaffrey of Chicago, the boy's father.

In an official communication from Lieutenant-Colonel Charles C. Pierce, the date upon which McCaffrey laid down his life for his country is given as August 7. His body lies in the American Cemetery, Chateau de la Foret, Aisne, France. He was a private in Battery E, 148th Field Artillery.

Young McCaffrey was a favorite with all who knew him, and he created a sensation when the troops of the second draft contingent were entraining by his singing of "Good-bye, Little Girl, Good-bye."

The following letter was received by his father from Governor Frank Louden of Illinois, when official news of the boy's death had been transmitted to that executive:

(Letterhead of the Office of the Governor, Springfield, Illinois.)

My Dear Mr. McCaffrey: I have learned with deep regret of the death of Private Bernard McCaffrey, and I want to extend to you and the other members of his family my heartfelt sympathy in the great loss you have sustained. It must be some consolation to you, however, to know that he gave his life in as sacred a cause as the world has ever known:

Illinois feels great pride in the supreme sacrifice he made for humanity.

Sincerely yours,
FRANK O. LOUDEN.

COMPLAIN ABOUT NUMEROUS ARRESTS

Automobile Association Files Protest With Chamber of Commerce; City Attorney Upholds Police.

The Chamber of Commerce has gotten solidly behind the carrying of the bond election to be held on Tuesday, June 6, for the building of the new City Hall and installation of a fire alarm system and sanitary sewer system. At its recent meeting F. A. Cunningham, J. W. Coleberd and D. W. Ratto were appointed a committee of three on publicity.

Supervisor Tom Hickey will be requested by the Chamber to take up with the State Highway Commission the building of a protecting wall at the turn of the road leading into Mount Olivet Cemetery.

Secretary J. G. Walker read a communication from the Automobile Association of California, in which that body complained of the numerous arrests made in South San Francisco for violations of the traffic ordinances. The association will be asked to designate the style of street markers which it believes should be installed to warn motorists of the turns to make at street intersections. City Attorney Coleberd stoutly maintained that the markers recently placed at street intersections, at the recommendation of Chief of Police Conrad, were plainly visible and that the violations were the result of careless driving and a disregard of the indicators.

A plucky man is seldom plucked.

TRUSTEES APPOINT ELECTION OFFICERS

Ordinance Calling for Bond Election Introduced and Given Its First Reading.

At the regular meeting of the Board of Trustees on Monday, May 12, the ordinance calling for a special bond election, for the purpose of submitting to the voters a bonded indebtedness to pay the cost of constructing a City Hall and grading the Civic Center, reconstructing and completing a sanitary sewer system and constructing an adequate fire alarm system, was introduced and given its first reading.

The following were appointed judges and clerks for the coming election:

Precinct One (Fraternal Hall)—Inspector, Frederick Smith; judge, W. W. Brawn; clerks, Florence Robinson and Mrs. Caroline Coffinberry.

Precinct Two (310 Linden avenue)—Inspector, Mitchell Harper; judge, Thomas Blackwell; clerks, Mrs. Viola Wood and Manuel Monize.

The Board appointed Charles Schurk Inspector of Plumbing for the city.

City Clerk William J. Smith was instructed by Chairman Holston to address a communication to the United Railroads of San Francisco relative to the agreement existing between the city and that corporation, where by the municipality is to receive 5 per cent of the gross earnings of the local transportation system. Practically one year's earnings have accrued, as the agreement was effective May 18, 1918.

SEVERAL ACCIDENTS TO SUNDAY AUTOISTS

Many Mishaps Among Motorists on State Highway; No Fatalities Result.

A number of persons were injured, none of them fatally, in several automobile accidents in San Mateo county Sunday.

Frank Capurro of Colma was cut and bruised when a car he was driving skidded and crashed through a fence on the Crystal Springs road near the rock quarry and fell into the bed of San Mateo creek. Two women riding with him were unhurt. They were rescued by passing autoists.

Earl Manos, residing at 1445 Powell street, San Francisco, was thrown from an automobile owned and driven by John Egan of 143 Clementina street, San Francisco, when Egan's machine collided with another machine on the State highway in San Mateo. Egan was treated at the Red Cross Hospital, where it was found that he had received a number of cuts and bruises about the head.

While riding a motorcycle, Tony Giarides, a mechanic of Redwood City, collided with an automobile driven by Harry Hallett of Portola and suffered a broken ankle. He was treated at the Huling Hospital in Redwood.

H. H. Uhrig of 21 Sharon street, San Francisco, was arrested at Daly City by Constable S. A. Landini after his automobile ran down Mrs. George Koenig of Daly City, who was carrying her three-months-old baby in her arms. Mrs. Koenig was waiting for a street car when Uhrig's machine skidded and ran into her. Although hurled to the ground she held tightly to the baby and saved it from harm. She was treated for a bruised knee.

CITY EXCEEDS ITS QUOTA BY \$52,000

SOUTH SAN FRANCISCO LEADS ENTIRE COUNTY IN AMOUNT OF SUBSCRIPTIONS; \$85,000 FROM SHIPYARD.

More than fifty-two thousand dollars for good measure is the amount subscribed in excess of the city's quota by South San Francisco in the Victory Liberty Loan, according to the final figures compiled by Chairman Henry Haaker.

The amount allotted was \$185,000, as large a quota as any city in the county. The total subscribed was \$237,200, of which amount the Schaw-Batcher Company shipyards alone subscribed \$85,000.

Mrs. Jensen, chairman of the Colma drive, announces that subscriptions there amounted to \$25,000.

L. P. Behrens, San Mateo county director of the Victory Loan, is in receipt of the following congratulatory telegram, which was sent following his announcement that San Mateo county had exceeded its quota by nearly \$150,000:

"It is with most sincerity we send you our heartiest congratulations on the successful outcome of the Victory Liberty campaign in your county. The task at best was not easy and was made more difficult by the absence of the full amount of support that was forthcoming in previous loans. In view of the difficulties you have overcome the satisfaction in securing an oversubscription is that much greater. Please extend to all of your workers our appreciation and let it be known that the people of your county have the well-merited reputation of being 100 per cent in the days of Victory as well as in the days of War.

WATER COMPANY GUARDS AGAINST A SHORTAGE

Two wells are being bored by the South San Francisco Water Company, new mains are being laid and the company is making exhaustive plans to keep pace with the increased demands made upon the city's water supply and to guard against a future shortage. An auxiliary pump has been installed at Spring Valley to insure a constant supply.

Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for
American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Italy is now included in the war work of the American Y. W. C. A.

Miss Mabel Warner of Salina, Kan., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Brest, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refugee population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries of Italy, who is spending a few months in France as advisor in the French work.

Miss Niven's dreams of Y. W. C. A. work in Italy include the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to act as a training school for Italian women. In connection with it her plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

In her formal appeal for help for the Unione Cristiana Delle Giovani (the Italian name for Young Women's Christian Association) Miss Niven has emphasized two facts, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed and was putting in its place one of President Wilson.

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work.

"Feeble as our work may be, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness.

"There is no other agency doing in Italy what the Association is trying to do."

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hostel, or boarding home for Italian women students, at Florence. She is an American from New York, where she was onetime head of the Christadora Settlement House.

Vivian Martin in "Viviette" to Be Tuesday's Attraction at the Royal

VIVIAN MARTIN in "Viviette"

Charming Vivian Martin has a delightful photoplay in her picturization of William J. Locke's famous novel, "Viviette." Excellent produced, every role in the hands of a capable artist, the photography of superior merit, the theme of the picture one of absorbing interest, this splendid Paramount photoplay doubtless will be greeted by large crowds when it shown at the Royal Theatre next Tuesday.

Miss Martin portrays the role of a young, impulsive English girl whose charms attract men to her as the flame attracts the moths. When Dick Ware, a primitive Englishman, strong and masterful, declares his love for her, she coquettes with him and then devotes her attention to Dick's brother Austin, and later to Lord Banstead. She dangles the three upon her fingers, sporting with them, loving each in greater or less meas-

ure, but in her heart of hearts the big, primitive man's image lingers with increasing affection.

So it happens that when Dick becomes jealous of her and she banteringly suggests that he fight a make-believe duel with Austin, he carries out the program with murder in his heart. Fortunately for all concerned, however, a catastrophe is fortunately averted and Viviette realizes that she has done a foolish thing. After many scenes of intense interest and not a few serious complications, Dick's strong, primitive nature wins her love and both find happiness in their mutual affection.

The picture is a strong one and in Miss Martin's support are several capable players, including Eugene Pallette, Harrison Ford, Kate Toncray, Clare Whipple and Donald Blakemore.

VICTORY BUTTONS

The War Department has now approved a "Victory Button," to be issued to all men who served during the past war.

This button is of silver for those wounded in action and bronze for all others. It consists of a five-pointed star surrounded by a wreath, with the letters "U. S." in the center.

These buttons are to be distributed by army recruiting officers. In order to obtain one it will be necessary for an applicant to present or mail his original discharge certificate to the army recruiting officer, San Francisco Recruiting District, 660 Market street, San Francisco, Calif.

Colonel John H. Gardner, who is in command of the San Francisco Recruiting District, announces that he will receive a shipment of fifty silver buttons on or about May 21. The bronze buttons will arrive a month later.

"SLIDE, NELLIE, SLIDE"

"Poke 'er on the nose, Gwen-dolyn!" and "Slide, Nellie, slide!" were cries that sounded on the San Mateo High School baseball diamond Monday evening, when the San Mateo girls crossed powder-puffs with the San Jose High School's feminine nine.

The sad news at the end of the game showed that the San Jose lassies had rounded the bags thirty times, making the umpire dizzy, while San Mateo's girls had only crossed the sack eight times. There is one thing, apparently, in which the local girls are out-classed, and that is baseball. Where are the girls drifting that they don't keep up in this sport?

The San Mateo girls say that the absence of Coach R. N. Faulkner and the fact that San Jose's team was made up largely of veteran players, are factors that contributed toward their losing the game.—News-Leader.

CALEDONIAN CLUB WILL HOLD BIG CELEBRATION

The Caledonian Club of San Francisco is making elaborate preparations for its fifty-fourth grand annual gathering and games, to be held at Shellmound Park, Emeryville, Friday, May 30. Judging from the assurances already received, there is going to be an immense throng present upon that occasion. The members of the games committee who have charge of the various details in connection therewith, are determined that there shall be nothing wanting on their part to make the coming event the greatest in the club's history. Besides the usual Scottish games, there will be others which will be open to all comers.

The amateur events will include such as the 176-yard run, 440-yard, handicap, 880-yard, handicap, pole vault, throwing the 21-lb. hammer, two-mile run, handicap, high school relay race and grammar school relay race, etc. They will be under the supervision of the Pacific Amateur Association. While games are going on in the amphitheatre, dancing will be carried on in the spacious pavilion.

Beautiful and costly medallies and trophies, besides hundreds of dollars in cash prizes, will be distributed upon the grounds to the successful competitors. Entries for the amateur sports will close May 21.

A great time is guaranteed to all who attend this big function.

Let's Pull Together

In the near future the people of South San Francisco will be called on to vote to bond this city for the sum of one hundred and twenty-nine thousand dollars for a new City Hall, Fire Alarm System and for additional sewers to cover outlying districts and factories. At the present time our only bonded indebtedness is \$52,000, \$10,000 of the original indebtedness for the sanitary sewer system having been paid. This is the only municipal indebtedness sustained by a valuation of more than \$2,000,000. The indebtedness for sewer system is on the thirty-year plan and has run about five years. When this debt was created we had a certain few, as is always the case, who strenuously objected, claiming a sewer system was unnecessary, and that it would bankrupt the town. Notwithstanding these objections the bond issue was carried by a vote of three to one. Since the construction of this sewer system not one cent has been paid for upkeep, with the exception of a few isolated instances where the roots of trees penetrated the sewer and where careless connections were made. At the time these bonds were issued there was a levy of 33 cents per hundred dollars to pay off two bonds a year and interest. Last year this rate had dropped to 20 cents, owing to reduced interest payment and to an increase in valuations, and this year the rate will be about 13 cents. At the time this issue was carried objections were raised that it was a one-man proposition and was only for certain interests, namely, the Land Company. An examination at that time showed that the South San Francisco Land and Improvement Company would have to pay, and did pay, over one-half of the assessed taxes. The same objections are being raised to-day by the same people. Now let us look into the assessed values to-day to see who will bear the burden of taxation.

The assessed valuation of South San Francisco for the year 1918 was \$2,239,570. Of this amount the South San Francisco Land and Improvement Company is assessed \$381,750 on acreage, on block property \$231,725, making a total for the above-named company alone of \$613,475, or 27½ per cent of all taxes paid. Adding to this \$220,550 assessed to the Western Meat Company, a kindred organization, we find the two organizations pay taxes on a total valuation of \$834,025, or 37 per cent of all taxes paid. The assessed valuation last year shows the following:

South San Francisco Land and Improvement Company, acreage	\$381,750
South San Francisco Land and Improvement Company, block property	231,725
Western Meat Company	220,550
All other factories	457,990

Total valuation of large interests.....\$1,292,015 or over 62 per cent of all valuations, leaving a valuation of \$977,735 for the small property holders, or about 37 per cent. The levy proposed to discharge the above proposed bond issue, that is retiring \$4,300 per year and interest, would be about 50 cents on the hundred for the first year. As the average small property holder is assessed \$800 on a house and lot, his annual contribution or tax for the first year would be about \$4.00, a little more than one cent per day. In addition to this, the debt gradually diminishes, so that within five years, counting the diminishing rate and the increase in valuation, his annual contribution would not exceed at the most \$2.00 per year. However, owing to the increase in assessed values this year we can pay the interest and retire the regular amount of bonds for an increase in taxation of about 10 cents per hundred. After the first five years the tax will not be noticed by the average taxpayer. In addition to this there would be also a reduction in the rate of his fire insurance. This subject will be taken up under its proper head.

Of the proposed bond issue of \$129,000, it is intended to spend not more than \$75,000 for the erection of a new City Hall, housing the Fire Department, and \$9,000 for grading the Civic Center site so that its appearance may be made attractive. It might be added here, the city owns nineteen lots of land in the heart of the city, which constitute the Civic Center site. This land has been paid for in full. When this land was bought a cry of extravagance was raised. The nineteen lots cost \$10,000. At present prices two of the lots could be sold for the original cost price of all the property. Is this good business judgment? Is there any one living in any town with

a spark of civic pride who would not give \$2.50 per year to see such a public building in a growing community such as we have here?

The second item of the proposed bond issue is for \$35,000 for adequate sewerage for outlying residence and factory districts. You men who work in these factories every day know conditions as they are. This condition can hardly be laid to the factory owners, as they have no outlet, should they install modern sewerage plants. Not one of these iron industries could get an outlet at the present time. Although we have a thriving, growing factory town with millions of dollars invested in plants and machinery and employing thousands of men, yet we permit such conditions to exist.

In our steel mill and kindred iron industries alone there are at least 1,500 men working daily and using open latrines, with no protection from the flies and the spread of the many contagious diseases which go hand in hand with those conditions.

Our recent attack of influenza has taught us all a most valuable lesson and one that we must all heed if we wish to escape this, the most awful pestilence of modern times. Our medical men all agree that the great cause of the spread of such contagious diseases is from unsanitary and filthy conditions. Our workmen kept our factories humming and have thus enabled us to whip the Kaiser and become the greatest nation on earth. Then surely there is no condition too good and no expense too great, if it will add to their efficiency, health and comfort.

Rights of way have been secured for these sewers, outlets adequate for all time, without one cent of expense to the city. Not one cent of this proposed bond issue will be used for rights of way. The deeds to these are with our City Clerk and may be seen on inquiry.

The last and most important part of this proposed bond issue is for a fire alarm system. It is proposed to issue \$10,000 in bonds for an adequate fire alarm system. This will install about twenty-four alarm boxes placed at convenient places about town, at any of which an alarm may be turned in to the department, giving immediate notice of fire. Insurance records show that most all fires are easily extinguished when first started and, if reached within a few minutes of the discovery, are harmless. We have paid for a fire truck costing over \$6,000, but, on account of the absence of a fire alarm system, we get no credit for same. The present rate for dwelling, unexposed, in South San Francisco is 60 cents per hundred dollars. With an up-to-date fire alarm system we would immediately be entitled to a 50-cent rate or a reduction of 10 cents, or about 16 per cent. This reduction of 10 cents would apply to dwellings and factories and business houses alike.

The approximate amount of insurance premiums paid in South San Francisco for the year 1917 was \$71,314.96, according to last statistics. Allowing a reduction of only 10 per cent on the above amount you have an annual saving of \$7,131. The actual saving would, however, be nearer 15 per cent on all insurance premiums paid. It can therefore be safely estimated that at least \$10,000 per year could be saved on fire insurance premiums alone. At this rate of saving the fire alarm would pay off the entire proposed bonded indebtedness in twelve years, not allowing for building increase and saving of property from loss by fire.

Some might advocate the voting for the fire alarm system alone on the above showing. You must not forget, however, that we will not be allowed the above reductions unless we have a modern fireproof building to house our alarm system and fire department.

In summing up the whole situation, Who wants to be a piker and live in a jay town? Municipalities all over the State are setting the pace for the entire nation, putting in the best that money can buy. The best is always the cheapest. If we expect to grow, we must keep this pace and be up with the foremost and not lag in the race. We have never fallen down on any public undertaking.

The Ladies' Aid Society of the Methodist Church will hold a social next Wednesday afternoon at the Steele residence on Miller avenue. Mrs. Savage and Mrs. Duncan will be the hostesses for the afternoon. All friends are cordially invited.

IN MEMORIAM.

At a meeting of the first degree lodge, U. P. E. C. No. 84, the following resolution was adopted:

Whereas, Our esteemed brother Manuel Empina, has been called to the home of his fathers, and to the bereaved ones we extend our heartfelt sympathy. Brother Empina was a royal prince in the fraternal house. Nothing passed his notice when calls for assistance came to assist in sickness or distress. He seldom failed to attend the last sad rites of deceased brothers. The call came, and the soul of sterling worth passed from us. The fraternal principles embraced by him and exemplified in his life were those of the U. P. C. E., W. O. W., of which he was council commander, the Loyal Order of Moose, the Impd. Order of Red Men. Time and space would fail us to tell of his good deeds—his memory is enshrined in our hearts; therefore, be it

Resolved, That the foregoing be placed on the records of our lodge, a copy sent to the bereaved family, also to The Enterprise for publication.

WOMEN LEARNING MASSAGE.

Germantown Y. W. C. A. Trains Women for Reconstruction Work Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened at the Germantown, Pa., Young Women's Christian Association.

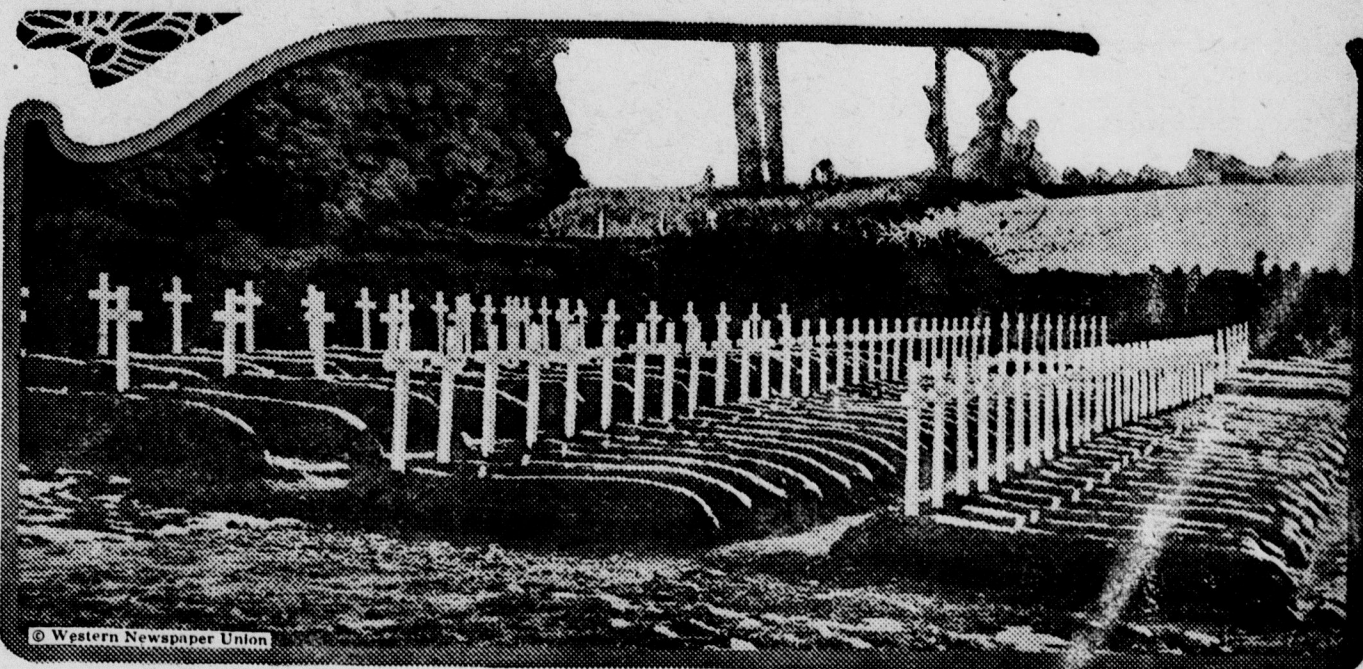

A reconstruction massage course, lectures in anatomy, physiology, muscle work and remedial movement massage, theory and practice, electrotherapy and hydrotherapy are given by doctors and nurses, who also supervise practical work at the Y. W. C. A. and at hospitals. The courses are recognized by the Surgeon General.

Similar courses have also been opened in the New York City Central Branch Y. W. C. A., where a specialty is made of brush-making with a view to training women as teachers for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She plans entertainments and recreation for women and children and is a friend to whom they may come if they are in distress.

SENATOR'S DAUGHTER WEDS NAVAL OFFICER

Miss Dorothy Johnson Wedded to William Hugh Moore on May 4.

Cards have been issued announcing the marriage of Miss Dorothy Morris Johnson, the charming young daughter of State Senator and Mrs. M. B. Johnson, to William Hugh Moore, a young naval officer. The marriage was solemnized on Sunday, May 4, by Chaplin Gatlin of the Mare Island navy yard in the presence of the bride's immediate family and near relatives and the brother of the bridegroom. The bride was a student at Stanford University, where she made a remarkable record in scholarship. The Johnson home is in Montara on the coastside of San Mateo county.

PARENT-TEACHERS ASK CO-OPERATION OF ALL

(Contributed by San Mateo County Conference of Social Agencies.)

The Parent-Teachers' Associations have formed a very splendid and democratic organization and they are endeavoring to have as members every mother and teacher.

The primary aims of the organization are to awaken public opinion to the responsibilities of parents and to secure a wholesome environment for every child—at home, at school and at play.

The most important results of Parent-Teachers' meetings are spiritual and cannot wholly be put into words, but along with this has accrued many material advantages.

The organization of the district is endeavoring to unify the work of the associations in the district, and this is done through the various departments, among which are education, kindergarten, legislation, home country life and good roads, child labor, recreation, juvenile court and probation and child hygiene.

LOCAL HAPPENINGS TOLD IN BRIEF

County Recorder Clark Rice was a visitor at The Enterprise office on Wednesday.

Mrs. Ben Tatum left on Sunday for an extended trip to Kansas City.

Jack Martin, who was recently discharged from the navy, left on Monday morning for New York City, where a position is awaiting him.

Miss Viola Hein is confined to her home with a sprained ankle sustained at the firemen's ball.

Leroy Mason of San Jose was visiting friends in this city on Thursday.

Mrs. David Moses and her daughter, Eleanor, were visitors here on Tuesday.

A small fragment of steel which lodged in Dick Harris' eye was removed by Dr. T. C. Doak.

Judge E. E. Cunningham is the recipient of an attractive enlargement of a photograph of himself and wife, a gift from Richard Setter. The picture is set in a massive gold frame.

Archie O. Lockhart, who has just returned from France with the Masonic Ambulance Corps, was visiting his many friends at the Fuller plant Tuesday of this week.

ALL-WOMEN JURY MAY TRY DR. NORTHCOTT

A jury composed entirely—or, at least, having a majority—of women may try Dr. Ephraim Northcott on the charge of the murder of Miss Inez Elizabeth Reed. It has developed that only twenty-five names remain on the venire and eighteen of these are women. Because of the widespread publicity given the crime and the close knowledge San Mateo county residents have of the case, great difficulty is expected in obtaining a jury.

NEWSPAPERMAN'S AUTO STOLEN IN SAN FRANCISCO

D. A. (Doc) Raybould, San Mateo county correspondent for the Chronicle, has asked the police to search for his Buick roadster, which was stolen in San Francisco Tuesday night. Raybould left the car standing on Market street, near McAllister, and when he returned an hour and a half later the machine was gone. He immediately notified the police and the insurance people and a description of the missing car has been sent broadcast throughout the State.

Doyle has also resumed the delivery of morning papers in Daly City, a business which he carried on successfully for several years previous to his induction into the army.

He was one of the favored sons of fate who went overseas, for notwithstanding he saw much active service against the Huns, with all the consequent privations, he came out of the melee unscathed.

RECKLESS AUTO DRIVER FREED WITH REPRIMAND

Earl R. Lykins, a civilian employed by the War Department at Camp Fremont, was dismissed with a warning from Justice of the Peace Raymond Griffin, when he appeared to answer to a charge of reckless driving, preferred against him by Abbe P. Scott of this city.

According to Scott, a machine driven by Lykins grazed his automobile on Sunday last near Menlo Park. The collision, Scott claimed, was due to Lykins' carelessness.

In dismissing Lykins, Justice Griffin took into consideration that no one had been hurt, and he was released after a promise to exercise more caution in the future.

MISCONDUCT CHARGED.

Charged with having improper relations with Mrs. Berdie E. Stultz of San Mateo, Charles C. Gaunti, also of San Mateo, on Monday night was arrested by Constable M. F. Boland in a room with Mrs. Stultz. Bail was fixed by Justice of the Peace S. F. Fisher at \$1500 bonds or \$500 cash.

CARETAKER JOHN COLLINS RAMPANT AT EJECTION

R. R. Hillman, lessee of the old Tanforan racetrack at San Bruno, has started suit in the Superior Court to have John Collins, former caretaker, ejected from the clubhouse on the Tanforan grounds. According to Hillman's complaint, Collins threatened to kill any one who interfered with his possession of the building. Hillman also asks \$100 a month for unlawful detention of the premises.

S. F. JEWELER ARRESTED.

On a warrant issued by Justice of the Peace Ray Griffin, Henry W. Copp, a jeweler of 696 Third street, San Francisco, has been arrested on a charge of obtaining money under false pretenses. The complainant is Andre Andrade, a colored man, who says he purchased a watch from Copp which was supposed to be in a gold case, and that later he learned the case was only gold-filled. Copp says he can produce a contract showing that the watch was never represented to be anything but gold-filled. Copp was released on \$250 cash bail. The complaint was filed in this county, as the sale of the watch was made in Visitation Valley.

Dr. W. A. Brooke, Public Administrator, has applied to the Superior Court for letters of administration on the estate of John H. Beacom, who died in Mexico September 16, 1916, leaving property in Millbrae and Burlingame. Ross & Ross are attorneys for the petitioner.

KNIGHTS OF COLUMBUS HOLD ROUSING MEETING

A rousing meeting of San Mateo Council, Knights of Columbus, was held Monday night at San Mateo, when about 200 members of San Francisco Council No. 880 motored down from the city and were the guests of the local knights. The city delegation brought down their jazz band and several singers, who furnished a greatly enjoyed musical program. Frank Silva and James R. Keith, past State deputies, were present, and an interesting address was delivered by City Clerk Harry I. Mulcrevy of San Francisco.

The meeting was held to stimulate interest in the membership drive now under way, and a number of prospective members were present as guests of the council.

ATTORNEYS AWARDED FEES IN LOREN COBURN ESTATE

Claims aggregating \$21,334 for legal services rendered the late Loren Coburn of Pescadero, approved by the executors and allowed by Superior Judge George H. Buck, were filed Tuesday afternoon in the office of County Clerk Elizabeth M. Nash. In filing the claims, one of the attorneys remarked that it was the first time in the history of the Coburn affairs that bills for legal services had been allowed without a contest. The late Pescadero millionaire had a strange liking for litigation and was constantly involved in lawsuits with his several lawyers.

In addition to the claims of the attorneys, the executors and court also allowed a claim of a San Francisco undertaker for \$1111 for handling Loren Coburn's funeral.

ROLPH IN ACCIDENT.

Manuel Machado, retired, living at 811 Fourth avenue, San Mateo, suffered three broken ribs and A. E. Shuck, chauffeur for Mayor Rolph of San Francisco, sustained a broken bone in his right hand Tuesday afternoon in a collision between the Rolph and Machado automobiles on the State highway. Mayor Rolph and a man friend who were riding in the car escaped injury.

Mayor Rolph has recently been in several automobile accidents in San Mateo county. Chief of Police Thomas Burke of San Mateo investigated the accident and said it was unavoidable.

CHEESEMAKER FINED.

Joseph Joaquin Jr. of San Gregorio was fined \$10 by Justice of the Peace Ray Griffin in Redwood City Thursday on a charge of selling cheese made in an unsanitary place. Joaquin is a dairyman. The charge was preferred by Maurice Coulter of the State Dairy Bureau.

ASKS FOR DIVORCE.

Mrs. Elsie I. Stevens, through her attorneys, Ross & Ross, has brought divorce proceedings in the Superior Court against her husband, Austin B. Stevens, on the grounds of cruelty. The Stevenses were married at San Rafael on February 23, 1918, and separated on May 2, 1919. They have no children and no community property. Mrs. Stevens does not ask for alimony.

SOME DRIVE.

Sunday was a red-letter day in the baseball annals of South San Francisco. Frankie Ford, shortstop for the Schaw-Batcher team is credited with making one of the longest hits on record.

In a game on the Schaw-Batcher diamond, Ford rapped out a long fly; the ball landed a train bound for San Jose and was carried on its journey. Ford was credited with a home run.

SAN BRUNO NOTES

PARENT-TEACHERS MEET.

The reception given by the Parent-Teachers' Association last Friday evening at the Edgemont School was well attended. An excellent program included the following numbers: Solos by Roy Mortz, accompanied by Mrs. Grundy. Mr. Mortz is not a stranger to the San Bruno public, but his voice was never in better form than on that evening. Orchestra music was furnished by the Galety's Jazz Band. Piano solos by little Doris Gallagher and Eleanore Coryell showed decided talent and were very much appreciated. Edith Shively delighted all with an exhibition of fancy dancing. William Waddell, who has recently returned from the front, related personal incidents of the war. Miss S. K. Emerick, State organizer of the W. C. T. U., spoke at some length on the aims and work of that organization. To Mrs. Grundy was entrusted the duty of purchasing material for the two banners to be used in the schools. The grades honored by their presentation will be determined by the number of parents of pupils present at the meetings of the association.

After the exercises the guests were treated to a generous supply of ice cream and cake.

Mrs. C. McLain, who has been visiting her mother, Mrs. Bolliger, of San Bruno for the past month has returned to her home in Los Angeles.

The family of U. G. Davis of San Bruno have moved to their ranch in Yolo county.

Sunday services at the M. E. Church will be as follows: 10 a. m., Sunday school; 11 a. m., preaching services. Services in the evening at 7:45 o'clock.

Mr. and Mrs. Hawkins left Thursday morning for an auto trip back East to visit Mr. Hawkins' relatives in Chicago, where they expect to stay for three months.

Mr. and Mrs. Alfred Lee of Australia are visiting Mr. and Mrs. William Moe of San Bruno.

Henry Spalding of Huntington Park is making an extended business trip to the north.

Mr. and Mrs. William E. Mitchell have gone on a month's vacation to Sonoma county.

Mrs. C. J. Dunlap is confined to her bed with an attack of la grippe.

Mrs. Lillian E. Connelly, a former resident of San Bruno, who died at her Richmond home, was buried at Holy Cross Cemetery, May 12.

Mrs. C. Hartman has sold her home in Third Addition and moved to Oregon.

The children of Edgemont and Northbrae schools have, under the direction of their teachers, been busy in cleaning up the weeds and planting seeds and flowers in the school grounds. The school trustees are much pleased with the work of the children.

Benjamin B. Schuster, a discharged soldier, who was found dead in his automobile in San Jose, May 9, was buried at Holy Cross Cemetery, May 13. High mass was celebrated at St. Bruno's Church for the repose of his soul. He was a son of Mrs. G. F. and the late Joseph Schuster of San Bruno and brother of Joseph F. and William Schuster and the late Arnold Schuster. A native of San Francisco, aged 38 years.

SPECIAL CAR SERVICE FOR BINGVILLE DANCE

Special car service will be maintained by the local transportation company for the accommodation of those attending the Bingville Barn Dance, which will be given by the Loyal Order of Moose on Saturday evening, May 24. Permission for dancing until 3 a. m. has been granted the sponsors of the dance. The last car will leave South San Francisco at 3:15 a. m.

DREAM OF GIRL SCOUTS A REALITY

San Bruno Organization Establishes Recreation Center Open to All.

The recreation center of San Bruno is a reality.

The Girl Scouts and their committee have long cherished the vision of doing this for their city and comrades, and now hope that the public will feel that it is a place where they can have an hour's quiet reading, recreation and games, cards for the grown-ups, delicious home cooking—and dancing as soon as some kind fairy shows the center how to get a piano.

The County Librarian has installed a very comprehensive stationary library of about five hundred books, with picture books and fairy tales for the children; wonderful books of travel, nature study and story books for the boys and girls; farming, stock raising, political, civic and mechanical books for the men, and books on home decorating and economics, child welfare, musical and many other interesting books for women, besides about a hundred novels, encyclopedias and Century Dictionary.

Every month there will be the St. Nicholas, Popular Mechanics, Current History and Scribner's for the public to read.

The recreation center will be open every day except Monday from 1 to 5:30 and from 7 to 9. The public, young and old, are welcome at all times.

The weekly program is as follows: Tuesday—Sewing classes during the day and giving assistance to any one needing a little advice with the home sewing.

Wednesday—Home cooking. In the evening cards in the social room for the men.

Thursday—Children's day and evening.

Friday—Ladies' whist tournament. In the evening, social time for the young people.

Saturday—Girl Scout meeting and in the evening cards for any one wishing to play.

Sunday—Library will be open and ice cream served.

The ladies of the recreation committee are Mrs. William Flynn, Mrs. Robert Cryer and Mrs. William Haley.

ELEVEN STEEL COMPANIES SUBMIT IDENTICAL BIDS

Washington, May 13.—Eleven steel companies submitted practically identical bids to-day for 14,000 tons of steel plates and shapes for the navy, duplicating the situation which caused the rejection of bids on the same material submitted on April 4.

The steel is required for the construction of four battleships, two at the New York navy yard, one at the Norfolk navy yard, and one at the Mare Island (Calif.) navy yard, and navy officials are concerned over the possibility of further delay in awarding the contracts, as it might imperil the authorization of two of the ships, which have not yet been started. Under the law, actual construction of these vessels must begin before July 1.

Later press dispatches state that the government will requisition the necessary steel and make a price on future market conditions, pending an agreement between the price boards.

HERSMAN IN FAVOR OF GOVERNMENT OWNERSHIP

Congressman-elect Hugh S. Hersman, who will succeed Congress E. A. Hayes of San Jose as a representative of the Eighth District in the next session of Congress, has written a letter to the Lumbermen's Trust Company of San Francisco, in which he gives his views on the railroad problem, as follows:

"I have advocated government ownership of the railroads. I have especially urged that since the government now is in control that it operate them for at least a period of five years, when there will be no question in the minds of the American people as to what position to take on this important matter."

Congressman-elect Hersman is a resident of Gilroy, where he has been a banker for many years.

"CAPTAIN KIDD JR."

Member the stories you used to read of the villainous pirates who infested the high seas and secreted buried treasures on mysterious islands; member the tales of the despairing hunt for the hidden gold made by the various heroes of the various novels? Well, here's a romance of the bold, bad buccaneer of olden times with an up-to-date touch to it, and a charming little Scotch heroine in the person of Mary Pickford, who goes with her grandfather—old MacTavish—to find a treasure which they read about in a book from their old curiosity shop. The story is from the stage play of the same name by Rida Johnson Young, and is quite the most delightful one we've seen in a long time.

STONE SHIP FAILURE

Concrete Steamer Faith, Built at Redwood City, Sold by Owners.

The concrete ship Faith, built as a wartime experiment by the San Francisco Shipbuilding Company at Redwood City, is to be sold at half her original cost, \$900,000, it was announced this week by her owners.

The purchaser is a French company of New York.

While the earnings of the Faith have been large, it is said that the cost of her operation showed a loss.

One assessment was levied against the stock of the company.

The purchase price includes the cost of remodeling her superstructure, which must be paid by the builders.

Many small stockholders are expected to lose on their venture.
